

# TPG Telecom Business

## Fibre1000

## Fast and reliable **fibre optic** connectivity for enterprises

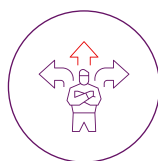

Fibre1000 is the future of fast-speed internet, offering higher bandwidth, superior reliability, and greater flexibility than previous fibre solutions. This makes it ideal for enterprises looking to significantly improve efficiency to stay ahead of competitors.

TPG Telecom provides fast, business-grade fibre optic broadband with the TPG Telecom Fibre1000 plan. Fibre1000's flexible nature helps enterprise tailor the product to meet connectivity and business requirements.

### You get:

1000Mbps of symmetrical bandwidth

Flexibility to dedicate all 1Gbps to just internet or split it across data, internet, voice or cloud services

Choice of 24-month, 36-month, or 48-month contracts, depending on your business needs

### This means:

- flexible and dynamic business-grade access to TPG Telecom's core products
- ability to split the service across data, internet, voice, or cloud services
- lower cost for higher-speed connections
- better data transfer capabilities for larger files
- guaranteed 24/7 business support.

## You'll need:

To be in one of our TPG Telecom on-net buildings

A compatible router or firewall

A pre-qualified address before you can receive a formal quotation

**Contact the team on  
1800 931 181**

## The fine print:

### 36-month Fibre1000 contract

Minimum charge is based on a 36-month contract. Offer is only available in limited TPG on-net buildings. Customer address must be pre-qualified before a formal quotation can be provided. Installation times depend on site/building access. Check [<https://www.tpg.com.au/nbn/nbn-rollout>] for coverage and for updates when NBN coverage will be available in your area.

### Early termination charges

All NBN plans have a Minimum Contract Period. The Minimum Contract Period is the minimum period during which you must acquire the service. The

Minimum Contract Period begins when the service is activated. If you cancel your service before the end of your Minimum Contract Period, early termination fees (ETF) will apply. You are required to pay 85% of the remaining contract value. After the Minimum Contract Period, you may terminate the NBN service by giving us at least 30 days' written notice. You must pay charges for the service up to the end of the notice period.

### Monthly data allowance

Unlimited. There are no time restrictions and no excess usage charges. Our Acceptable Usage Policy applies.

### BizPhone offer

Optional BizPhone offer may be withdrawn without notice and is not available to existing Fibre400, Fibre1000, or BizPhone customers. \*Up to 5 standard BizPhones only.

### Additional products

If you need additional TPG Telecom products, you may incur a monthly charge of \$108.90 incl. GST depending on the type of service and the location. You will need to refer to your service order for a full description of costs for any additional products you add. For full terms and conditions, please contact TPG Telecom.
